Highlights

Extra power supply

With this separate power supply socket post you can easily bring extra power to your garden.

IP44 - weather proof

This Philips outdoor socket is especially designed for humid outdoor environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This outdoor socket is designed with IP44: it is protected against splashing water, ideal for general outdoor use.

Safe and easy installation

This Philips outdoor socket post is designed for a straightforward installation. You'll find clear guidance about where you can install the product and relevant information about water resistant IP ratings.
