

Technical drawing of a road cross-section. The drawing shows a road with a central section labeled "JEZDNIA" and two side sections labeled "POBOCZE". The total width is 4,50. The central section is 3,50 wide, and the side sections are 0,50 wide each. The elevations are marked as follows: -0,08 at the outer edges, -0,04 at the edges of the central section, and ±0,00 at the center. The slopes are marked as 8% for the side sections and 2% for the central section. The drawing also shows the road structure with layers labeled 1, 2, and 3, and a base layer labeled 4.

1. Warstwa ścieralna z betonu asfaltowego 0/11 mm dla ruchu KR1 gr. 4 cm
2. Podbudowa górna z kruszywa łamanego 0-31,5mm o gr. 10cm
3. Istniejące nawierzchnia tłuczniowa do wyrównania i wzmocnienia

POBOCZA

4. Poboczne gruntowe
